

## FEEDING MACHINE AMTRANS 1&2 Lanes

- High product capacity
- Process sheet, duvets, draw sheet and table linen
- High quality
- 1 and 2 lane operation
- Combines quality with high speed

# Specifications

## Standard Features

- Fully automatic operation
- Stretch conveyor
- Program control of folder
- Speed control of ironer and folder
- Open suction box
- Touch screen control panel
- Standard Ethernet connection
- USB stick connection for back up of setting

## System Features

- Sorting of sheets, duvets or draw sheets, is possible, without extra handling.
- Also sorting of washer laundry, e.g. pillow cases etc, into carriers at the clipping position.
- Ergonomic workplace.
- By buffering, the clipping production per person is fully independent of each other, contrary to a normal feeder, where the slowest person sets the pace.
- The first clip is pulling the sheet, which makes it easier to find the second corner and reduces hard physical labour.
